MCE Deepwater Development Overall Rating

- 60%
- 27%
- 13%

Delegate Feedback

"MCE Deepwater Development remains the most valuable event of the year in my calendar, for the quality of the technical programme, the relevance and seniority of attendees and the networking opportunities."
- Global BD Manager - E&P, Oil & Gas Operator

"The Finance and Investment session was excellent - good material, excellent discussion. That plus the keynotes were the highlights for me."
- VP Global Offshore Accounts, Service & Supply Company

"Really well thought out. Attendance from key figures both in terms of presentations and advisory board. Great exhibition hall and attendees."
- Marine Engineer, Classification / Service Company

"Location and facilities, organization, etc. was excellent. Breadth of content was excellent. Great networking opportunity."
- Project Engineering Manager, Contractor
MCE-DD Value Proposition

Gulf Quest is proud MCE-DD has become the world’s premier, global deepwater event and the annual meeting place for strategic decision makers to actively address the most important issues of our industry and engage in critical dialogue addressing the future of deepwater.

Throughout MCE-DD’s sixteen year history, our Operator-Sponsors have directly benefited from their active involvement including:

- **Direct influence over the technical program agenda, highlighting their company’s strong commitment to deepwater, pertinent technical and commercial achievements plus the ability to bring larger company delegations to the event.**

- **Sponsor partners and Exhibitors continue to pay tribute to the benefits of their tangible involvement in the world’s premier, global deepwater event such as: profiling their company’s proven deepwater expertise, demonstrating their novel technology solutions to industry and shining a spotlight on their project successes.**

- **MCE-DD’s venue continues to facilitate enhanced peer-to-peer networking amongst all attendees including sharing of project lessons’ learned, professional development and expanding tangible commercial contacts.**

- **MCE-DD actively maintains its ECE - Early Career Engineer program (inaugurated by Shell, BP and SUT) which continues to gain traction year over year. For MCE-DD 2021 the SUT in conjunction with Gulf Quest will be offering a ‘Subsea 101’ course aimed at anyone wanting to gain familiarly with the wide range of deepwater technology covered at the conference.**
