Top Presenting Companies 2012 – 2017

Early Career Engineer Program (ECE)

EARLY CAREER ENGINEER PROGRAM

The ECE was created to provide a high-profile platform for the industry's new engineers to share the technologies, projects and ideas they are working on with the decision makers among the deepwater industry. We encourage those with 7 or less years of oil and gas experience to submit an abstract to be approved by the Advisory Board to be included in the MCEDD Technical Program.

**57 ECE Presentations
from 2012 – 2017**

ECE Wins Overall Best Presenter Award at 2016 Event
Olivia Fachan, Installation Lead Engineer, Technip and
Karine Lafontaine, SURF Package Manager, Total, "GirRI
Phase 2 Project: Assets Installation challenge on a
Project Brown Field"
